# OFFICE OF THE GENERAL COUNSEL: USF REGULATIONS

**NOTICE: PROPOSED REVISED REGULATION DATE: FEBRUARY 9, 2010**

| No: USF4.0023 | TITLE: Driving and Parking on Campus |
|---|---|

**Summary:**

The purpose of a structured and regulated parking system is to facilitate the activities of the USF System, primarily instruction. The structure of controlled and designated parking facilities is designed to provide parking that will give students the ability to park close to their on-campus residence or to commute; faculty and staff access to classrooms and offices; and visitors the ability to participate in campus activities. To meet this purpose, the USF System adopted parking regulation USF4.0023, which incorporates the campus parking brochures. Parking brochures provide information on parking rates, fines, policies and regulations. Summaries of the major changes to the parking brochures and the rates listed in the brochures are as follows: To obtain full text of the revised Regulation and parking brochures, please contact Dee Brown at usflegal@admin.usf.edu
