OFFICE OF THE GENERAL COUNSEL: USF REGULATIONS

NOTICE: PROPOSED REVISED REGULATION DATE: FEBRUARY 9, 2009

No: USF 4.0023	TITLE: Driving and Parking on Campus

The purpose of a structured and regulated parking system is to facilitate the activities of the USF system, primarily instruction. The structure of controlled and designated parking facilities is designed to provide parking that will give students the ability to park close to their on-campus residence or to commute; faculty and staff access to classrooms and offices; and visitors the ability to participate in campus activities. To meet this purpose, the USF system adopted parking regulation 4.0023 which incorporates the campus parking brochures. Summaries of the major changes to the parking rates listed in the brochures are as follows: To obtain full text of the revised Regulation and parking brochures, please contact Dee Brown at USFLEGAL@ADMIN.USF.EDU
