I. **INTRODUCTION (Purpose and Intent)**

The University of South Florida's USF Health (College of Medicine, College of Nursing, College of Public Health and School of Physical Therapy) is dedicated, as part of its mission, to improving the full spectrum of health—from the environment to the community to the individual. To further that mission, this Policy establishes the USF Health campus (as defined in this Policy) as a “Smoking and Tobacco-Free” area.

II. **STATEMENT OF POLICY**

Smoking and/or tobacco product use by employees, students, patients, visitors, and vendors is prohibited on the USF Health campus. For purposes of this Policy only, the USF Health campus is defined as any and all space shown on the map referred to in Section VII, excluding Bruce B Downs Boulevard. This space includes educational and clinical facilities, buildings, USF space in buildings (e.g. CMS building), grounds and parking lots.

III. **NO SALE OF TOBACCO PRODUCTS**

Additionally, smoking and/or tobacco products will not be sold on the USF Health campus.

IV. **APPLICATION**

This Policy applies to University employees, students, patients, visitors and vendors who are present on the USF Health campus.
V. POLICY ENFORCEMENT

Enforcement of this policy will be implemented through normal University processes.

VI. AUTHORITY

USF System Policy 0-606, Non-Smoking Areas, Section II.

VII. MAP  See map attached.

Authorized and signed by:

Stephen K. Klasko, M.D., M.B.A., Senior Vice President, USF Health, Dean, USF College of Medicine
Judy Genshaft, President
USF Health non-smoking areas designated on map.

Shriners Hospital policy in process. Moffitt Cancer Center has its own non-smoking policy.
