I. INTRODUCTION (Purpose and Intent)

This policy has been established to ensure that facilities are not altered and that the addition of equipment requiring electrical and/or mechanical work is properly installed.

II. STATEMENT OF POLICY

A. No fixed equipment shall be attached in any manner to a building without an approved space impact request.

B. Any movable equipment (i.e. equipment not fixed to walls or floors) will be constructed by an outside vendor on the recommendation of Physical Plant.

C. Specialized departmental movable equipment used for teaching and/or research may be constructed in college or departmental shops provided such construction has been approved in advance by Purchasing and Property Services.
