DATE: November 7, 2011

University of South Florida System Rules/Regulations

No: 6C4-4.0010 - Parking-General Guidelines, Registration, Penalties & Rates

No. 6C4-4.0011 - Traffic and Moving Violations

Summary:

Section 1006.66, Florida Statutes, requires Universities to adopt rules that govern traffic on the grounds of universities and provide penalties for the infraction of such traffic rules. Sections 1006.66 and 1009.24, Florida Statutes authorize Universities to establish fees, fines and decal costs to provide parking facilities and to defray the administrative and operating costs of the traffic and parking program on campus.

Business and Finance and the System institutions reviewed the University's ten parking and traffic rules/regulations and determined that the rules/regulations should be consolidated for easier reference and clarity. Major provisions of all of the current parking and traffic rules/regulations have been incorporated into the two attached proposed parking and traffic rules/regulations. Upon adoption of the two new regulations, the current 10 parking and traffic rules/regulations will be repealed. No adjustments have been made to the 2011-2012 parking rates, fines or penalties. These proposals will be reviewed by the Finance and Audit Advisory Council and will be presented to the Finance and Audit Workgroup (December 1) to be placed on the December 8, 2011 Board of Trustees Agenda.

Full text of the proposed Rules/Regulations and links to the Rules/Regulations for repeal are enclosed:

End of Summary.

2 **(1) APPLICATION**

3 **(a)** Florida Statutes Section 1006.66 requires each University Board of Trustees to adopt rules
4 that govern traffic on the grounds of the University; that provide penalties for the infraction of
5 such traffic rules; and that the University finds necessary, convenient, or advisable for the safety or
6 welfare of the students, faculty members, or other persons. Florida Statutes Section 1009.24
7 authorizes University Boards of Trustees to assess fees for parking fines, decals, and permits.
8 Board of Governors Regulation 1.001 requires that University parking facilities are funded through
9 parking fees or parking fines imposed by a University.

10 (b) Thus, USF System institutions charge fees for the use of its parking spaces to pay for the
11 operation and maintenance of campus parking facilities and a Transportation Access Fee Plan to
12 support the transportation infrastructure and increase student access to transportation services.
13 The USF System President/designee may convene a Transportation Access Fee Committee
14 composed of at least one-half student representatives appointed by the Student Body President and
15 the remainder appointed by the USF System President/designee. A chairperson shall be jointly
16 appointed by the USF System President/designee and Student Body President and shall only vote
17 in case of a tie. The Committee may recommend that fee increases be assessed upon all courses
18 and fundable credit hours. The recommendations shall take effect if approved by the USF System
19 President/designee, after consultation with the Student Body President and approved by the
20 University Board of Trustees. See USF System Regulation 4.0102 (Tuition and Fees) for current
21 Transportation Access Fee amount.

22
23 (c) This Rule/Regulation applies to the USF System unless otherwise specified in this
24 Rule/Regulation or on the individual campus parking/traffic information website. Regional
25 campuses and separately accredited institutions may have different names and locations for
26 parking and traffic offices and officials. Students, faculty and staff must check with their
27 individual campuses or parking/traffic website for information.

110 The purpose of a structured and regulated parking system is to facilitate the activities of the USF
111 System (primarily instruction) by providing parking that will allow: (1) students to park close to
112 their on-campus residence or to commute; (2) faculty and staff access to classrooms and offices;
113 and (3) visitors the ability to participate in campus activities. To meet this purpose, the USF
114 System has developed rules/regulations (6C4-4.0010-Parking, Registration, Penalties & Rates; and
115 6C4-4.0011-Traffic and Moving Violations). Compliance with these rules/regulations is
116 encouraged through fair and consistent enforcement.

117
118 Due to the size of the staff and student bodies, the USF System does not guarantee parking to
119 all students and staff paying for spaces, nor can it guarantee the safety and security of vehicles,
120 property and persons within the campus parking facilities. All persons holding a valid operator's
121 license may use properly registered motor vehicles, motor scooters, bicycles, and other USF
122 System institution approved mechanical conveyances in accordance with the terms of these
123 rules/regulations and the specific rules/regulations of each institution as posted on that
124 institution's parking/traffic website (p.2).

125

126 (4) **GENERAL GUIDELINES for PARKING PERMITS and REGISTRATIONS**

148 allow for proper parking management.

150 telephone and power service vehicles, limousine service automobiles, taxis and buses making

154 Vendor/Contractor permit on their commercially or privately owned vehicles to park on the

156 space. On the USFSP campus, vendors may park in GOLD zones with valid permit. On the
157 USFS-M campus, vendors must display a Staff permit. Special parking arrangements must be
158 approved in advance by PATS. Vendor/Contractor permit holders may also utilize designated

183 vending machine or the Parking Services office, or from pay stations located in designated areas
184 to legally park on the Tampa campus. Hourly parking is available at Pay-by-Space locations and
185 at meters. Also, visitors may request complimentary parking, up to three (3) times per semester,

194 the vehicle's rearview mirror with the logo side facing out. Hangtags must be unobstructed and

197 2. Permits may not be transferred from registrant to another vehicle operator who would
198 otherwise be required to register their vehicle.

199 3. Repositionable permits may be transferred between same-owner vehicles only.

200 4. Adhesive decals are only issued to those registrants with convertibles, other open vehicles,
201 or other reasons as approved by PATS. The decal must be permanently affixed to the left rear

203 of decal will result in a citation being issued and a fine being charged.

204 5. Adhesive decals are required for all two-wheeled motor vehicles and must be displayed on
205 the front or rear fender or front fork of the vehicle unless otherwise approved by PATS.

206 6. USF System institutions' permits may not be reproduced, altered, or transferred by anyone
207 other than PATS.

208 7. The person who owns or registers a vehicle is responsible for assuring that the vehicle,
209 regardless of who drives it, is parked in conformance with the rules and regulations and for
210 knowing when the issued permit expires.

211 8. All citations issued to a permit will be that registrant's responsibility regardless of which
212 vehicle the permit is on at the time of the infraction, unless PATS has been advised of a lost or
213 stolen permit. To request replacement or exchange of parking permits, contact the appropriate
214 campus Parking and Transportation Services office.

215 9. Any vehicle parked on campus is parked at the risk of the operator. Permits declared lost
216 or stolen will immediately become invalid. An affidavit must be completed for lost or stolen
217 permits or in the event that the permit was sold with the car. If recovered, the permit will be
218 reclaimed by PATS and destroyed. Any vehicle bearing a lost/stolen permit is subject to
219 immediate immobilization and/or tow, even if the vehicle bearing the permit is owned by the
220 person who has reported the permit as lost/stolen.

222 vehicle on campus at the same time are required to have a valid permit displayed on each vehicle.

224 Fellows, or Staff may pay for their permits through payroll deduction. Those employees not

226 eligible to use payroll deduction. Payroll deduction cannot be started after March 1 for the
227 current fiscal year.

229 when the refund is requested within fourteen (14) calendar days from the date of purchase, or for
230 students, up to fourteen (14) days after the first day of the semester for which the permit is
231 purchased. To receive the refund, the permit must be returned to PATS with the receipt. Refund
232 requests received after fourteen (14) calendar days are pro-rated based on a fee schedule
233 developed by PATS. Refunds will not be issued after the end of the fee schedule date. Permits
234 ordered on-line and not picked up within 14 calendar days of the beginning of the semester will
235 be charged a processing fee as outlined in the rates section of the current brochure. **Note:**
236 Refunds cannot be issued on pre-tax payroll deduction.

237 **(m)** Permit holders must notify PATS of change in status. Failure to do so will result in the
238 revocation of parking privileges without any refund of the remainder of current year's permit.

239

240 **(5) GENERAL GUIDELINES for DESIGNATED PARKING SPACES and AREAS**

304 Center.

305 (c) A signed release slip must be obtained from PATS before owner's towed vehicle may be

333 outstanding after 45 days may be transferred to a collection agency (with additional fees assessed
334 by the agency) or set off against employee pay warrants. Outstanding student accounts will also
335 result in student records and registration being placed on hold until the debt is settled. More than

359 appealed.) Appeals may be submitted in writing, via the Internet at the Website published on
360 page 2.

361 The person or department appealing the decision must explain the circumstances existing at the
362 time of the citation in the appeal for review of the citation.

363 (c) If an appeal is not submitted within fourteen (14) calendar days from the date the citation
364 was issued, the right to appeal is forfeited.

365 (d) The written appeal will be reviewed by the Appeals Mediator/PAT staff, adjudicated based
366 on the current PATS rules or regulations. The decision notification will be sent by email and
367 USPS mail.

368 (e) If the non-student person or department is dissatisfied with the decision of the Appeals
369 Mediator/PATS staff, they may appeal the Appeals Mediator/Staff's decision to the Parking
370 Citation Final Appeal Committee. Appeals must be submitted in one of the following ways:
371 online at the appropriate PATS office website or in writing. If the student is dissatisfied with the
372 decision of the Appeals Mediator/Staff, he or she may appeal the Appeals Mediator/Staff's
373 decision to the Student Government Supreme Court. Appeals must be submitted in one of the
374 following ways: online at the appropriate PATS office website or in writing. All appeal requests
375 must be made within fourteen (14) calendar days from the date of the Appeals Mediator/PATS
376 staff's decision notification letter. The non-student Parking Citation Final Appeal Committee or
377 Student Government Supreme Court will review the matter and may excuse, downgrade or
378 uphold the citation, but may not contradict the prevailing parking and registration rules or
379 regulations. The Parking Citation Final Appeal Committee and the Student Government
380 Supreme Court are the final appeal authorities, pending review of dismissed citations by the
381 Director of PATS for adherence to the prevailing parking and registration regulations.

382 (f) The following are reasons that will not be accepted by PATS, the Parking Citation Final
383 Appeals Committee, and Student Government Supreme Court as reasons to dismiss or reduce a
384 citation. This is not an all-inclusive list:

- 385 • Disagreement with the Traffic and Parking Rules/Regulations
- 386 • Ignorance of the rule/regulation
- 387 • Stated inability to find a permitted parking space
- 388 • Operation of the vehicle by another person
- 389 • Stated failure to issue citations previously for similar violations
- 390 • Tardiness to class and/or appointment

- 391 • Inability to pay fine (lack of money)
- 392 • Displayed wrong or expired permit
- 393 • Traffic congestion
- 394 • Received bad verbal information
- 395 • Stated perception that designated parking area is not safe

396

397 Appellants proceeding to file a final appeal should consider the following:

- 398 • Ensure the reason for the appeal is not one of those listed above.
- 399 • Prepare a concise written and/or oral argument not to exceed 5 minutes.

400

401 **(g)** The Director of PATS will review all citations dismissed in final appeal. If the Director
402 should determine either of the Final Appeals bodies is contradicting the prevailing Parking Rules
403 and Regulations in their final appeals decisions, the following process shall be initiated to make a
404 final determination on the appeal:

- 405 • The Director of PATS shall, by written notification, inform the appeal unit of the alleged
406 contradiction.

- 407 • The Director of PATS and appeals unit shall meet to attempt to reconcile the differences.

408 If no reconciliation is made, the parties shall consult with the Associate Vice President of
409 Administrative Services (or designee) on the Tampa campus, or the appropriate official at the
410 member institution who shall act as an arbitrator. The decision rendered by that official shall be
411 final.

419 **Proposed USF System Rule/Regulation No: 6C4-4.0011**

420 **Subject: Traffic and Moving Violations**

421
422 (1) Florida Statutes Section 1006.66 requires each University Board of Trustees to adopt rules
423 “that govern traffic on the grounds of the University; that provide penalties for the infraction of
424 such traffic rules; and that the University finds necessary, convenient, or advisable for the safety
425 or welfare of the students, faculty members, or other persons.” Regional campuses and
426 separately accredited institutions may have different names and locations for parking and traffic
427 offices and officials. This Rule/Regulation applies to the USF System unless otherwise specified
428 in this Rule/Regulation or on the individual campus parking/traffic information website.

432
433 **(2) TRAFFIC**

434 (a) Traffic rules, regulations and directive signs governing the use of motor vehicles are in
435 effect 24 hours a day, all year long. Inclement weather does not bar their enforcement.

436 (b) The appropriate parking & transportation services office (PATS) on each campus will refer
437 traffic violations to the appropriate official.

438 (c) Motorists shall yield the right-of-way to pedestrians within a crosswalk.

439 (d) The Tampa campus speed limit is 30 m.p.h. unless otherwise posted. Speed limit in
440 parking lots is 10 m.p.h. and 5 m.p.h. in parking garages. Refer to each campus' parking/traffic
441 information website for applicable speed limits.

442 (e) It is unlawful to drive in the opposite direction of the normal flow of traffic.

443 (f) It is unlawful to remove, alter, or change any traffic control device, sign, barricade, or
444 traffic cone. It is also unlawful to drive around barricades, traffic cones in the roadway, or
445 parking facilities that are closed by PATS.

446
447 **(3) SCOOTERS, MOTORCYCLES, BICYCLES, AND MOPEDS**

448
449 (a) Drivers of scooters, motorcycles, bicycles and mopeds are responsible for observing the
450 same traffic regulations as those governing vehicles.

451 (b) Drivers may not drive, ride or park scooters, mopeds, or motorcycles on grass, sidewalks
452 or in the confines of a building.

453 (c) It is unlawful for more than one person to ride on a vehicle at the same time, unless the
454 vehicle is designed for and equipped with a seat for each person.

455 (d) Drivers may not park two-wheeled motorized vehicles in an automobile space. They are,
456 however, allowed to park at paid meters. There are designated motorcycle spaces available.

457 (e) Holders of motorcycle or bicycle permits are entitled to a maximum of five (5) days,
458 annually, of temporary parking permits for four-wheeled vehicles.

459 (f) All two-wheeled motor vehicles must be registered with PATS. Motorcycles cannot
460 display automobile permits at any time. Registered owners with both an automobile and a
461 motorcycle who wish to park both on campus must have a permit for each.

462 (g) Bicyclists will be ticketed for MOVING VIOLATIONS on streets or sidewalks by
463 University Police. Bicycle Regulations are outlined in Section 316.2065, Florida Statutes. A

464 person propelling a bicycle by human power upon and along a sidewalk, or across a roadway
465 upon and along a crosswalk, has all the rights and duties applicable to a pedestrian under the
466 same circumstances, but the cyclist shall yield the right-of-way to any pedestrian and shall give an
467 audible signal before overtaking and passing such pedestrian.

468

469 **(4) ENFORCEMENT**

470 **(a) ALL FLORIDA TRAFFIC LAWS ARE ENFORCEABLE ON CAMPUS.**

471

472 **(b)** University Police or the appropriate Law Enforcement authority on USF System campuses
473 are authorized to directly and immediately enforce these rules/regulations, to make arrests, and to
474 issue moving traffic citations on campus and off campus in cases where the offenses occur or
475 originate on campus.

476

477 **(c)** University Police, Parking Enforcement Specialists, the appropriate Law Enforcement
478 authority or specially designated personnel are authorized to issue parking citations for parking
479 and registration violations in accordance with these rules/regulations twenty-four (24) hours a
480 day/seven (7) days a week.
