

# OFFICE OF THE GENERAL COUNSEL: USF REGULATIONS

NOTICE: PROPOSED "REVISED" REGULATION DATE: FEBRUARY 5, 2008

No: USF 4.0023	TITLE: Driving and Parking on Campus
----------------	--------------------------------------

The purpose of a structured and regulated parking system is to facilitate the activities of the University of South Florida, primarily instruction. The system of controlled and designated lots is designed to provide parking that will give students the ability to park close to their on-campus residence or to commute; faculty and staff access to classrooms and offices; and visitors the ability to participate in University activities. To meet this purpose, the University has developed parking regulations and parking brochures. Summaries of the major changes to those regulations and rates are as follows: To obtain full text of the Regulation and revised parking brochures, please contact Dee Brown at [usflegal@admin.usf.edu](mailto:usflegal@admin.usf.edu).
