

## **NOTICE: PROPOSED REPEALED REGULATION**

**DATE:** January 25, 2016

**Regulation No:** 9.010

**Title:** Bulleting and Brochure - College of Medicine

### **Summary:**

Florida Board of Governors Regulation 1.001 provides that “Each Board of Trustees is authorized to promulgate University Regulations in accordance with the Regulation Development Procedure adopted by the Board of Governors,” (7-21-05). Such regulations must be consistent with law, and the regulations and strategic plan of the Board of Governors. The BOG Regulation Development Procedure requires that a University Board of Trustees monitor the effects of new regulations, periodically review existing regulations, repeal regulations as appropriate, and ensure regulations are current and consistent.

The College of Medicine no longer publishes the Bulletin and Brochure. The content, including the graduation requirements are available on the USF Health website. Thus, Regulation 9.010 is no longer applicable and should be repealed.

Regulation 9.010 will be reviewed by the Academics and Campus Environment Workgroup to be placed on the Agenda of the March 3, 2016 Board of Trustees Meeting.
